Official bid to host the 3rd FAI WORLD AIR NAVIGATION RACE CHAMPIONSHIP 2024

Dear Mr. President,

The Slovak National Aeroclub would be very honoured to host the 3rd FAI WORLD AIR NAVIGATION RACE CHAMPIONSHIP 2024. We would like to present here our offer to organize the above-mentioned 3rd FAI WORLD AIR NAVIGATION RACE CHAMPIONSHIP 2024.

The planned location for the 3rd FAI WORLD above-mentioned AIR NAVIGATION RACE CHAMPIONSHIP 2024 would be the airfield of the Aeroclub Kamenica nad Cirochou. We propose the date of the event for the first half of August 2024.

The airfield of the Aeroclub Kamenica nad Cirochou (LZKC) is located near to the town of Humenne (30,000 inhabitants) in the east of the Slovak Republic. Position is 50 km north of the city Košice and 300 km northeast of the capital of Slovak Republic - Bratislava.

There is a grass RWY, with the length of 850m. All the facilities necessary for the successful organization of the championship are located directly at the airfield. Available accommodation in hotels is located in the town of Humenne, about 8 km from the airfield (10-15 minutes by car or bus).

Aeroclub Kamenica nad Cirochou is a well-known organizer of competitions in air sports. The Kamenica nad Cirochou Aeroclub regularly hosts an air rally competition (Kamenica Rally, Slovak Republic Air Rally Championship). In 2022, the 4th National Air Navigation Race 2022 is planned for the Aeroclub Kamenica nad Cirochou Airfield.

In 2013, Aeroclub Kamenica nad Cirochou organized a successful European FAI event - 12th FAI European Microlight Championships 2013.

Complete information to our offer will be presented at the next FAI GAC Plenary Meeting.
