## CANDIDATURE F5J FAI 2025

World Championship

The City of Córdoba is located in the center of Argentina. It has a population of 4,000,000 inhabitants, is very touristic and commercial. It is located 700 kms from Buenos Aires by highway and has an international airport with daily flights from Europe and the American Continent. The selected flying field has 1200 hectares free of obstacles, special for thermal flight, at a distance of 8 kms from the city and 20 kms from the airport, with a variety of hotels and gastronomy.
