

PROPOSAL TO IGC PLENARY 2007

Proposed by The Ranking List Manager

This Proposal to accompany the approval of the Annex D

It is Proposed That:

1. The results of all Sailplane Grand Prix competitions should be included in the Official IGC Ranking List.
2. If the above is approved, the Plenum grant approval to the Bureau to approve suitable rules for inclusion of the GP results in the Ranking List. These rules to be formulated by the Ranking List working group.

This Proposal affects:

Annex D rules for IGC Ranking List

Reasons supporting the Proposal:

Because the GP has a completely different scoring system and objectives to all other IGC Cat 1 events the RL working group feel it appropriate that the Plenum endorse the inclusion of these events in the RL.

The World Sailplane Grand Prix is an IGC Category 1 event, to not include the pilots results in the RL would devalue the event for competitors.

The GP series is the IGC showcase event and as such should be afforded the highest possible status, this must include the inclusion of the results in the Official IGC Ranking List.

Brian Spreckley
Ranking List Manager.
