DISCUSSION ON GENERAL ITEMS

World Cup Board: 3 persons nominated by the S-C Chairman to rule on any issue concerning implementation of World Cup rules. With the acceptance of the concerned persons, the World Cup board is composed as follows:

- Robert HERZOG (BEL)
- Jose Manuel MARTINEZ-IBANEZ (ESP)
- Miss Soon Cheon PARK (KOR)

FAI Drone Racing World Championship: this decision of the FAI Executive Board is unanimously supported by all participants to the Technical Meeting. An official information of the NAC's should be advisable as soon as possible. It has been also recommended to involve properly the NAC's in the process for selection of the competitors and to let a sufficient period of time for the selection.

2017 FAI Drone Permission to individuals (FAI letter 24 April 2017): many negative reactions on this initiative. A large majority of the participants consider this possibility may be restricted to the countries which refuse to deliver FAI Sporting Licence for drone racing considering it is not a model flying activity.
