### **Nomination for The Charles Lindbergh General Aviation Diploma**

We hereby have the pleasure to nominate Mr. Vagn Jensen for The Charles Lindbergh Aviation Diplome. All information are in the nomination form.

Please do also see list of achievements.

#### **Vagn Jensen, Denmark**

Vagn Jensen is hereby nominated by Royal Danish Aero club (KDA) for his long service to air sport and work in several senior positions in international and national air sports organizations.

Vagn Jensen has served as director, judge and jury member at numerous previously Championships.

The list of chores over the past more than three decades is extremely long.

Vagn Jensen is the only person in the world to have served as competition director three times: WPFC 1989, WRFC 1995 and the combined WRFC / WPFC in 2004.

Thanks to his enthusiasm, initiative and financial competence, he successfully directed these FAI Precision and Rally Flying World Championships.

Vagn Jensen has been the main organizer and competition director of Danish National Championships in Precision- og Rally flying competitions with small exceptions every year since 1980 and every four years competition director of the Nordic Precision flying Championships as well. Without his enthusiasm and skills for air sports events, these events would not have reached same level.

List of international Precision and Rally Flying events and his work in GAC organizations is attached in the following page.
