description : (please print)

Mr. G. Harry Stine founded the hobby of Spacemodeling, founded the first National Organization of Spacemodeling Hobbyists, founded the Spacemodeling Subcommittee under CIAM, and was one of the Founders of International FAI Spacemodeling Competition. His great contributions were never appropriately recognized by FAI prior to his death in 1997. Among his many outstanding contributions were:

1957 Established the hobby of Spacemodeling on the basis of using paper and balsa models and safe, factory made rocket motors instead of the dangerous metal rockets and home-made rocket motors that were popular at that time. Founded the first company manufacturing and selling these safe space models.

1957 Established the first National Organization for Spacemodeling on December 7, 1957. Served as the first President of this Organization for twelve years, and wrote the first safety code for the sport. Achieved legal and regulatory recognition of the sport by the US Government as a safe activity for youth and hobbyists.

1959 Organized the first Spacemodeling Competition in the World, held on May 16, 1959 in Colorado USA.

1962 Wrote and presented a proposal to CIAM which resulted in establishment of Spacemodeling as an FAI Aeromodeling activity. Appointed as the first Chairman of CIAM Spacemodeling Subcommittee. Served in the position for the next eleven years, travelling each year to Europe, largely at personal expense, to insure Spacemodeling became a recognized and popular International Aeromodeling activity.

1964 Wrote and presented the first draft sporting code for International Spacemodeling to CIAM, establishing the standards for competition and for safety and rocket motor testing that are the basis for current rules.

1965 Wrote and published the first edition of the "Handbook of Model Rocketry", still in print now in its seventh edition as the most complete and best selling book ever written on the hobby of Spacemodeling.

1966 Medalist in the first International Spacemodeling Competition held on May 28, 1966 in Dubnica.

1972 FAI jury member for first World Spacemodeling Championship, (also FAI jury in 1974, 1980, and 1992).

CITATION

FAI Aeromodeling Gold Medal

G, Harry Stine, USA

Presented to G. Harry Stine for outstanding merit as the founder of the Spacemodeling sport, as the founder of FAI Spacemodeling program and as first Chairman of the CIAM Spacemodeling Subcommittee. Mr. Stine established the first National Organization of spacemodelers, started the first company to produce spacemodels, wrote the first sporting code and safety codes for Spacemodeling, served as and FAI jury member for four World Championships, and wrote the first and still most popular book in the world on the sport. His pioneering efforts were responsible for the existence, popularity, and safety of the sport today.
